George L. Chase

BUILDING INSPECTOR

Russell J. Hall

NOTICES

INVENTORIES are mandatory. They must be filed with the Selectmen on or before April 1st. Forms are distributed with Town Reports. Please note that a description of the property which will enable the assessing officials to locate and identify each parcel is necessary. A phrase such as "Same as last year" or "no change" is not sufficient.

VETERANS should understand that it is **their responsibility** to request forms for tax exemption, and that these must be in the hands of the Selectmen by April 15th, if they are to receive consideration.

THE SELECTMEN will meet in their office on the first Saturday of each month at 7:30 P.M.

THE PLANNING BOARD — To eliminate undue delay in acting on requests by citizens for the services of the Planning Board, this Board will meet at the call of the Chairman.

Regular meeting is the third Monday of every month at 8 P.M.

TOWN WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hampstead, in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Hampstead on Tuesday, the twelfth day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

General Government	\$8,525.00
Protection of Persons and Property	7,200.00
Health	2,140.00
Highways and Bridges	15,000.00
Libraries	1,775.00
Public Welfare	3,300.00
Patriotic Purposes	375.00
Recreation	3,500.00
Public Service Enterprises	1,635.00
Interest	800.00
Payment on Principal of Debt	2,501.00
County Tax	11,000.00
	\$57,751.00

3. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes.

4. To hear reports of Auditors and Committees and to act thereon.

5. To see if the town will vote to authorize the Selectmen to administer or dispose of any Real Estate by public sale acquired by the town through Tax Collector's deeds.

6. To see if the town will vote to raise and appropriate the sum of Two Hundred Dollars (\$200.00), in support of the Seacoast Regional Development Association, in its efforts to promote the economic interest of the town, in participation with other towns in the Seacoast Region.

7. To see if the town will vote to amend Article II Section XII of the Building and Zoning Ordinance which reads: "A building lot in Zone 'A' shall contain a minimum of 20,000 square feet, shall have a frontage on a street, and shall have a width of no less than 125 feet on the street side of the lot. A building in Zone 'B' shall contain a minimum of 9,000 square feet, shall have a frontage on a street, and shall have a width of no less than 90 feet on the street side of the lot. All lots shall be rectangular in shape if possible."

Be amended to read: "A building lot in Zone 'A' shall contain a minimum of 45,000 square feet, and shall have a frontage on a street of no less than 150 feet. A building lot in Zone 'B' shall contain a minimum of 10,000 square feet, shall have a frontage on a street and shall have a width of no less than 100 feet on the street side of the lot. All lots shall be rectangular in shape if possible."

*adopted
1963*

This article shall take effect one year from the date of passage.

8. To see if the town will vote to raise and appropriate the sum of Eight Hundred Dollars (\$800.00) to widen the causeway on Shop Pond Road. By petition.

9. To see if the town will vote to accept the following sections of roads in the area known as "Bonnie Acres." Comprising the section of York Street from Route 111 to Lincoln Street, continuing down Lincoln Street to Tewksbury Avenue and down Tewksbury Avenue to Route 111. By petition.

10. To see if the town will vote to accept the road known as Birchwood Avenue approved by the Hampstead Planning Board, June 2, 1960. By petition.

11. To see if the town will vote to accept State Aid Construction of Class V roads and raise and appropriate, or set aside for said purpose the sum of Two Hundred Forty-nine Dollars and Ninety-seven cents (\$249.97) State's Share \$1,666.47.

12. To see if the town will vote to raise and appropriate a sum of money not to exceed Eight Hundred Dollars (800.00) to purchase a road sander for the Highway Department.

13. To see if the town will vote to approve the use of the premises located on Emerson Avenue, owned and occupied by Donald and Dorothy Marcotte, for a three-family dwelling. By request.

14. To see if the town will vote to raise and appropriate a sum of money not to exceed Five Hundred and Fifty Dollars (\$550.00) for the purchase of two Scott Aire Packs.

By request, Board of Fire Engineers

15. To see if the town will vote to request the assistance of the Tax Commission in appraising all lands and buildings in Hampstead: and appropriate the sum of Ten Thousand Dollars (\$10,000.00), as payment thereof. Fifty percent of this sum to be raised in 1963; the balance of such appraisal expense, to be raised after completion of the work.

16. To see if the town will vote to raise and appropriate a sum of money not to exceed Forty-Five Hundred Dollars (\$4,500.00) for the purpose of repairing and restoring the High School Building.

17. To see if the town will vote to accept the donation of One Thousand Dollars (\$1,000.00) made to the town by Cohen Foundation Camps, Inc.

Given under our hands and seal this eighteenth day of February, in the year of our Lord nineteen hundred and sixty-three.

GEORGE L. CHASE

PAUL C. GIBBONS

DORIS M. SPOLLETT

Selectmen of Hampstead

A true copy of Warrant — Attest:

GEORGE L. CHASE

PAUL C. GIBBONS

DORIS M. SPOLLETT

Selectmen of Hampstead

The polls will be open to vote for Town and School District Officers from 10 A.M. until 9 P.M. The appropriations for the money to be raised will be during the evening hours, beginning at 8 o'clock.

BUDGET OF THE TOWN OF HAMPSTEAD, N. H.

Estimates of Revenue and Expenditures for the Ensuing Year January 1, 1963 to December 31, 1963. Compared with Estimated and Actual Revenue, Appropriations and Expenditures of the Previous Year January 1, 1962 to December 31, 1962.

SELECTMEN'S REPORT

The year 1962 has passed into history, and as we begin the new year, it is time to review the accomplishments of the last twelve months.

Summary of the activities of your elected officials, the department heads, and the various boards, whose dedicated efforts, contribute so much to the progress of Hampstead.

Although facts and figures sometimes make pretty dry reading, we recommend that you take the time to study these pages in order that you may realize how your tax dollar is disbursed.

Taxation is not a pleasant subject at any time; yet at least twice a year it is very forcibly brought to our attention. In the Spring, at the School District and Town Meetings, your vote on the suggested appropriations, definitely determines the size of the tax bill you will receive in the Fall. Be informed before you vote.

An Article in the Warrant, sponsored by the Selectmen at the request of many of our citizens, provides for an equalization and re-valuation program which will more equitably distribute the tax burden. It is our hope that you will all participate in the discussion concerning the disposition of this Article.

Turning to other matters, the Town Road Aid (TRA) money was well spent in improving two new streets accepted by the Town. Eastman Drive and Old Forge Road, with their numerous modern homes, are a distinct addition to Hampstead.

An unsightly and hazardous condition in the rear of the Selectmen's office, created by the collapse of the old out-buildings, has been corrected by dismantling and removal of the debris.

A dangerous situation at the gymnasium has been eliminated by the installation of drain pipes and filling in the ditch created by erosion. The area surrounding this

building is now prepared for hot-topping which we hope will be accomplished in the not too distant future.

In accordance with Article 6, of the 1962 Warrant, the High School building has received a much-needed painting, and a great deal of credit should be given to those members of the Civic Club who donated their time to the completion of this obligation. It is worthy of mention that the money paid to the Club for this effort will be spent in the Town for the promotion of any project designed to benefit our citizens.

Our thanks go to Walter Clark for his outstanding job as caretaker of the High School grounds, and custodian of Town Hall. We certainly appreciate the work of Clarence (Cappy) Merrick at the Town Dump. To all other members of the Town Family, we take this opportunity to say "Thank You" for your cooperation.

DORIS M. SPOLLETT

REPORT OF THE FIRE ENGINEERS

During the past year the Hampstead Fire Department has responded to fourteen fire calls.

Local calls 11. Outside calls for assistance 3.

The outside calls were the most serious. They included the fire at Angle Hotel, Sandown, N. H., and the fires caused by lightening in two separate barns in Chester, N. H.

There were 62 oil burner permits issued.

In August, a training program for the firemen was organized. Drill groups were formed and met twice a month with an engineer. Instructions were given in regard to the operation of all equipment. This program was well attended and should prove very beneficial.

A 1600 gallon tank truck was purchased to replace the 1000 gallon tank truck and it is stationed in Fire House #2, located in East Hampstead.

A direct control has been set up in the RED NETWORK system. The siren may now be operated from any one of the RED NETWORK phones. Previously, it was possible to operate the siren from the Hampstead Fire House only.

The Hampstead Firemen, including East and West Hampstead, who served their community day and night voluntarily, are to be commended for their interest and cooperation.

At this time the Board of Engineers express their thanks to Arthur R. Johnston for his many hours of time and effort given, while serving as Chief during 1961 and 1962.

RUSSELL J. HALL
For/The Board of Engineers

HAMPSTEAD VOLUNTARY FIRE - PROTECTIVE ASSOCIATION

Jan. 11, 1963

Board of Selectmen
Hampstead, N. H.

Gentlemen:

At the annual meeting of the HVFPA it was voted to elect the fire engineers to staggered three year terms in order to provide continuity in the office. It was also decided to elect the chief engineer by the whole association.

The following list of engineers with terms indicated is submitted for your approval:

Gene Duston — 1 year.
Chief Russell Hall — 2 years.
Robert Letoile — 2 years.
Alfred Brickett — 3 years.
Dean Howard — 3 years.

Yours truly,

ROBERT C. WEBSTER,
Secretary

Approved by the Selectmen of Hampstead.

PREVENTING FOREST FIRES IS OUR RESPONSIBILITY

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2,200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man-caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control—pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to instill in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had 1 fire.

We burned $\frac{1}{2}$ acre.

MERTON A. WEBBER
District Fire Chief

LEVI E. DUSTON
Forest Fire Warden

REPORT OF THE POLICE DEPARTMENT

Another year has past and once again it is time for a summation of your police department. Due to the ever-increasing flow of automobile traffic through town, several speed complaints were received. A special meeting was held at the Selectmen's office with a special citizens group, to discuss the situation. The department was instrumental in as much as the speed limits were lowered and a drive on speeding in cooperation with a state police radar unit was held. A marked improvement in the speed conditions in town were noted and the department received a letter of appreciation to this effect.

The Police Department accomplished many worthwhile goals during the year. Three mobile radios were purchased from funds raised by the Police Relief Association during special functions. One fixed radio station was also purchased which gives a rapid and effective means of communication between this office and/or between the officers on patrol duty. The chief and one officer attended a special FBI school in Nashua during the spring on search and seizure. Much valuable information was attained during this schooling which will enable us to do a more effective and efficient job.

Many hours are consumed in the handling of dog complaints. Time consumption is also excessive in getting dog owners to license the almost 200 dogs in town. A total of 24 cats and 19 dogs were taken to the Animal Rescue League at Methuen, Massachusetts.

A total number of 16 automobile accidents occurred during the year with a total of 12 injuries including 3 fatalities which occurred in a two car crash at the junction of Routes 111 and 121 in August. A "well done" goes to the officers of the department who responded to a duty call at the scene of this accident. They efficiently and effectively handled a tremendous flow of traffic during this emergency.

Two stolen cars were recovered in town during the year. A total of 21 summons were served to citizens of the town

from departments of outlying communities. 13 emergency messages were delivered by officers of the department.

A total of 45 court complaints were logged during the year with a large percentage of convictions. One automobile complaint resulted in the confinement of its driver in the house of correction. Merchandise valued in excess of two hundred dollars taken in house-breaks was recovered and returned to the owners.

The ever increasing amount of calls necessitates a proposed increase in the 1963 department budget request. The department possesses men who unselfishly contribute much of their time during the year on police duty, a greater portion of which is expended during the busy summer months. An inevitable product of the time is the inability of good police officers to contribute considerable time in a profession which bear the risks as a police officer's and still be able to provide for their families health and well being.

Sincere thanks is extended to the members of this department. Without your ever present willingness to cooperate, the successful operation of an extremely efficient team would have been impossible. To the people of the town to which we are committed, go the ever present assurance of our willingness to continue to fulfill our duties and obligations.

Respectfully,

KENNETH H. CLARK,
Chief of Police

CIVIL DEFENSE REPORT

As of January 1st, 1962, the State Civil Defense Agency was merged with the Department of the Army and is now located at the Concord Airport. On July 1st, 1962, under new regulations, no surplus property became available to any town not having a full time Civil Defense Director, who, in turn, was receiving compensation for his work. Under these conditions Hampstead does not qualify to receive any surplus property.

During the year there was no call for a practice alert from the State Authorities, and consequently the Fire House siren was not blown by your local Civil Defense.

While the Cuban crisis lasted, no instructions were received to be passed on to the citizens. However, your officers were on the alert for such information, so that it could be immediately passed on to you as and when received.

Where possible, Fallout Shelters are still being recommended. The Army has asked that builders incorporate such shelters in all new construction.

Your director made contact with the new Central School principal, Mr. Brewster, and went over with him the plan for the care of the children in event an attack occurred during school hours.

Still available are various Civil Defense pamphlets, including "How to Build a Fallout Shelter," "Facts About Fallout," "How to Survive Nuclear Attack," and others.

Selectman Mr. George L. Chase has taken upon himself the work of getting together a team for instruction in the operation of the fallout meters which the town possesses.

Respectfully submitted,

WILLIAM J. MADDEN,
Director (Resigned)

PLANNING BOARD REPORT

One of the duties of the Planning Board is to approve land subdivisions. This board approved an extension to the Bonnie Acres development off Route 111 and an extension of the Orchard Park development off Route 121A during the year. In addition, the Board discussed proposed subdivisions on eight different occasions.

Changes in the Building and Zoning Ordinance and the Land Subdivision Regulations were discussed at several meetings. The Board welcomes interested groups that desire to propose or discuss proposed changes.

The Board is dedicated to preserving the scenic beauty of the Town and to protect the health, safety, convenience, prosperity, and welfare of its inhabitants within its limited powers.

Nine regular meetings and one special meeting were held during the year. One meeting was held jointly with the Selectmen and the Board of Adjustment, at which State

officials addressed the group. Numerous trips were made to inspect proposed subdivisions.

The Board is pleased that so many visitors attended meetings during the year, and invites everyone who is interested to attend meetings.

Respectfully submitted,

WILLIAM J. MADDEN,
Chairman

REPORT OF THE ROAD AGENT

The following is my report as your Road Agent.

Over the past year we have resurfaced the East Road and Brown Hill Road. We have built Eastman Drive and Old Forge Road, and also sealed them, to insure good roads.

For next year, we have a program for tarring all town paved roads. At this time, we have approximately 15 miles of paved roads. We would seal all roads every three or four years, and then all roads would be brought back to a condition that would require less maintenance, and eliminate pot holes and breaking up, which proves to be very expensive.

As for winter maintenance, we have increased our number of roads the past two years with increased new home construction, and the many people moving in as permanent residents on our lake roads. In winter maintenance we are now plowing and sanding approximately forty-five miles of roads.

In conclusion, I wish to thank the Board of Selectmen, the Budget Committee, and the residents of Hampstead for the fine cooperation in making these programs possible.

Respectfully submitted,

JOHN L. SOUTHWICK, 3rd.

LIBRARY TRUSTEES REPORT

Your Library Trustees are increasingly aware of their responsibilities in providing adequate reading materials and reference books for the diversified tastes of our rapidly growing community.

The library contains books of much worth to the school children as well as a well-rounded collection for adults; but we think all who avail themselves of its treasures will agree that it possesses no greater asset than the devotion and understanding of its Librarian, Mrs. Bertha Whiteneck.

A new program arranged by the Principal of the Central School, which provides for groups using the busses to come on Tuesdays' from 1 to 3 to get reading and reference material, has proved of much value.

Your trustees are pleased with the formation of a "Friends of the Library" group. Through this group, books are distributed to the local Rest Home and to shut-ins.

As our town population increases, so do the needs and opportunities for service by the Public Library continue to grow.

As usual, we feel a real and deep satisfaction in the increase in active interest in the additions to our library resources by our local individuals and groups.

Respectfully submitted,

REV. THEODORE HADLEY

THEODORE B. HADLEY

Treasurer for the Trustees of the
Hampstead Public Library

LIBRARIAN'S REPORT FOR 1962

The past year has shown a good increase in the number of registered borrowers at the Hampstead Public Library. At the beginning of the year the number of regular borrowers was 475. At the present time the total registration is 548: 243 adults and 305 children. This is due in part to the increase in the town's population. Mr. Arthur Brewster, Principal of the Central School, asked if special time might be allotted in which School Bus children could visit the Library. With permission from the Trustees, the Librarian decided to open the Library one hour earlier. This gives the children two hours, from 1 P.M. to 3 P.M. on Tuesdays. The children come in four separate groups, with a patrol leader in charge, and thus far have been orderly and co-operative during their visits. This has enabled a number of children to visit the Library who had previously been denied that privilege. Naturally this has helped to increase the circulation of books. The Librarian has donated her services for this extra hour and is gratified with the results.

The Librarian and others choosing the books have tried to cater to all ages. Some emphasis has been placed on books of science, biographies, books of travel, histories and there should be more classics and reference books purchased. It is sincerely hoped the necessary funds will be available to continue this much needed project. The Librarian is grateful to the Hampstead Woman's Club for the two books, "Wild Flowers" by Homer House and "History of Flight" by American Heritage, which they so kindly donated to the Library. Many thanks go to Mrs. Frank Odgers Smith, Miss Helen Paulison, Miss Evelyn Taylor, Mrs. Edna St. Germain, Mrs. Horace Tarleton, Mrs. Everett Thomas, Miss Elizabeth Weeks, Mrs. Gordon Williams, Mr. Raymond Lamb, Mrs. Clinton Kirkness and Mr. Allen Pomeroy for the books and magazines donated during the year.

There is a need for more bookcases in both the children's and young people's rooms. In a pamphlet received from the

State Library, an article by the Assistant State Librarian, Emil W. Allen, stated that he had visited the Library in Derry, N. H. and looked at two revolving bookcases. He described them and said they were made by a person interested in the library, at a reasonable cost. It is my earnest desire that in the near future some similar bookcases may be obtained for the Hampstead Library.

Last year National Library Week was observed. On Wednesday afternoon a Silver Tea for Adults was held in the Church Vestry. Mrs. Rachel Sanborn, of the Exeter Branch Extension Office introduced the speaker Mrs. McIntyre who spoke on "Friends of the Library." Those present voted to form a branch in Hampstead. Mrs. Clinton Kirkness was elected Chairman. Pupils in Grade Five through Grade Eight had their observance on Friday evening at the Central School. Two films were shown and refreshments were served to the fine gathering. Children from Kindergarten through Grade Four had an enjoyable time at the Library on Saturday afternoon. Mrs. Lester Houston entertained by telling stories. Refreshments were served to an overflowing crowd. Each Library is urged to celebrate National Library Week this year.

Friends of the Library have assisted the Librarian by filing cards, pasting pockets into new books and performed other tasks when their help was needed. Shut-ins are visited and furnished books by Mrs. Clarence Nadeau who also donated a box of 140 crayons to the Library. Mrs. Clinton Kirkness furnished transportation for the Librarian to Campbell and Halls, Inc., Boston and helped select the books. She also accompanied her to a Librarian's Conference at the University of N. H. and a Neighborhood Meeting held in the Library in Exeter. Many thanks go to Mrs. Kirkness, Mrs. Nadeau, Mrs. George Sakash, Mrs. Richard Low, Mrs. George Ayer, Mrs. C. Richard White, Mrs. James Waters, Mrs. Richard May, Mrs. Joseph Stull, Mrs. Elaine Brough, Mrs. Warren Ells, Mrs. Adin Little and Mrs. Robert Webster for their assistance.

The new combination storm and screen door which made its appearance at the Library in December is much appreciated and will be even more when the hot weather sets in.

The Librarian wishes to thank the Trustees of the Library for their continued cooperation.

Respectfully submitted,

BERTHA L. WHITENECK

Librarian

REPORT OF THE RECREATION COMMISSION

Since the Recreation Commission was established on April 7 of last year, we have had a total of 10 meetings. The Commission was set up to investigate the potential recreational opportunities for the people of this town.

Our first project was to look into the possibility of a public bathing area on one of the lakes in town. We have visited several swimming areas on both lakes, but so far have found none suitable.

The Little League is another of our projects and the Commission has been working with Mr. Benton on improvements at the Little League ballfield.

We are also working on a plan for a centralized recreation area for year round use. We would be very happy to meet with and discuss any suggestions from the people of this town. Next year we hope to be able to further improve the ballfield and to complete plans for further projects.

Respectfully submitted,

OLIVER BOISSE,

Chairman

SCHOOL WARRANT
STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of the Town of Hampstead qualified to vote in district affairs:

You are hereby notified to meet at the Memorial Gymnasium in said district on the eleventh day of March, 1963 at 8:00 o'clock in the afternoon to act upon the following subjects:

1. To hear the reports of Agents, Auditors and Committees, or Officers chosen and pass any vote relating thereto.

2. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

3. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

4. To see if the district will authorize the school board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal, State, local or private agencies.

5. To see if the district will vote to raise and appropriate the sum of Four Thousand Five Hundred Dollars (\$4,500.00) to cover a deficiency incurred during the current school year, such amount to be paid to the school district prior to June 30, 1963.

6. To see if the district will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) to establish a Capital Reserve Fund to be used for future school construction.

7. To transact any further business that may legally come before the meeting.

Given under our hands at said Hampstead this twenty-third day of February, 1963.

BUDGET WORK SHEET

This is a presentation of the budget work sheet upon which your School Board has been operating during 1962-63 and their estimated expenses for the year 1963-64. It must be taken into consideration that monies appropriated in the month of March, to be used in the following year, do not necessarily correspond in individual items, because of the impossibility of projecting the rising price indexes twelve months hence.

HAMPSTEAD SCHOOL BOARD			
	Budgeted 1962-63	Estimated 1962-63	Proposed 1963-64
ADMINISTRATION			
110.1 Salaries of District Officers	\$ 560.00	\$ 560.00	\$ 560.00
135 Contracted Services for Administration	108.00	115.60	118.00
190.1 Other Expenses of Administration	120.00	140.00	175.00
INSTRUCTION			
210.1 Salaries of Supervising Principal	0	0	5,900.00
210.3 Salaries of Teachers	49,250.00	49,050.00	57,150.00

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hampstead:

I am presenting herewith my Seventh Annual Report as Superintendent of Schools in Hampstead. Reports from the Principal and Supervisors will discuss more in detail the activities of the school. Statistical reports are listed separately.

Personnel

Arthur Brewster, a graduate of Lowell State Teachers College, is the new Principal of the Central School. He has taught in Wilmington, Massachusetts and Haverhill, Massachusetts.

Two teachers joined the Central School staff in September. Mrs. Ruth Collins, a graduate of Keene Teachers College, with teaching experience in Plaistow, New Hampshire, teaches grade three. Mrs. Mary Driscoll a graduate of Lowell Teachers College, teaches grade one.

All teachers have continued membership in local, state and national professional organizations. Four teachers have taken courses this past year to improve themselves professionally.

It is imperative that we continue to evaluate our salary schedule. As salaries continue to rise in our neighboring towns and cities, Hampstead must be prepared to meet this competition or the education of our children will suffer. The majority of our teacher applicants come from Massachusetts and this fact, along with a continued shortage of well qualified teachers, makes it necessary, at the very least, to meet the Massachusetts minimum salary in order to hold the line.

Curriculum

The class in special education has continued to prove its worth. The class is housed in Atkinson this year. We are

very pleased with the results of the remedial reading program.

We have departmentalized our fifth and sixth grades in the same way in which our seventh and eighth grades are divided. We believe that teachers who are able to concentrate on teaching fewer subjects are able to work better with the children at this age level than when they are required to teach all the subjects that are found in a self-contained class.

We have started a program of modern mathematics in grades one and two. The pupils in these classes will learn by discovery and understanding rather than by rote. The introduction of concepts of algebra and geometry are started at an early age — in simplified form, of course. We expect to continue the program in grade three next year, and possibly in grade four.

In grade one we are using the Phono-Visual method of teaching phonics in conjunction with the reading program. This is based on pictorial charts arranged on a scientific phonetic foundation together with a definite plan for training in auditory and visual discrimination.

The school district continues to take advantage of funds provided by the Federal Government for special projects in mathematics and science.

We are, at the present time, studying the possibility of using programmed texts in the junior high grades to help in the teaching of English grammar and its usage. Programmed texts use the same approach as a teaching machine but each pupil has a copy. Using a teaching machine, only one pupil can make use of it at one time. A programmed text will be supplementary to the regular program if it is adopted.

The long range evaluation program started last year by the teachers continues in force. They are working in conjunction with all teachers in Union No. 55 and from this

evaluation it is expected that specific recommendations will be forthcoming. These recommendations should prove most helpful in improving our schools.

An opportunity to improve our educational system is to change over from a teacher-principal type school to a supervising principal school. The principal will then be free to devote full time to supervising and administering his school. With the opening of the high school building to house the seventh and eighth grades it is more necessary than ever to have someone available at all times to keep in constant touch with any and every situation.

Housing

Our elementary school enrollment continues to rise. At our last count in December, 1962 we had 239 pupils. This figure compares with 203 on January 3, 1962—an increase of thirty-six pupils.

An extra room will be needed for next year to handle a second grade two. We have two grades ones this year and the school census reveals a need for two grade ones for next year. We try, for best teaching results to limit grade one to twenty-five pupils or less and the other grades not to exceed thirty pupils. In three instances we will have larger class sizes than these figures, but this cannot be avoided. Because the class sizes will not permit us to partition the former cafeteria again it is recommended that we re-open the high school building and place grades seven and eight there. This will constitute the need for a new boiler and a painting program. The building can be used as a stop-gap until there is a need for another addition to the Central School.

The high school pupils are being educated at Pinkerton Academy in Derry. The School District approved this past year a fifteen year contract with the Academy trustees. The high school enrollment opened up with eighty-seven students an increase of fifteen over last year.

Your School Board has continued to maintain and improve the physical condition of the Central School and the

gymnasium. We take pride in the appearance of our school buildings.

Support Quality Education

Your support of our educational program is solicited for the benefit of a better community and a better America.

Appreciations

Appreciation is expressed for the continued support and cooperation of the Parent-Teachers Association, the Civic Club and all other organizations.

I wish to thank the School Board, Teacher Consultant, Principal, teachers and children for their cooperation in working at all times for a better educational program.

Respectfully submitted,

WENDELL V. DAVIS,
Superintendent of Schools

REPORT OF THE PRINCIPAL

To the School Board and to the Superintendent of Schools:

I hereby submit my first annual report as Principal of the Hampstead Central School.

Enrollment as of December 1962

Grade 1	39
2	35
3	26
4	35
5	33
6	19
7	26
8	26
Total	239

The enrollment figures, as compared to December 1961 show an increase of 38 students, or about 19%.

Hampstead basketball team played various school teams from the surrounding towns and finished with a record of 4 wins and 5 losses.

The following educational field trips were taken by the various grades throughout the year to enrich the various units being studied in our subject areas:

Grades 1 and 2 — Trip to Hood's Cherry Hill Farm and Stoneham Zoo

Grade 3 — Trip to Hood's Cherry Hill Farm and Haverhill Gazette.

Grade 4 — Trip to Concord, New Hampshire.

Grades 5 and 6 — Trip to Salem, Massachusetts.

Grades 7 and 8 — Trip to the Boston Museum of Comparative Zoology to observe the planetarium program.

The eighth grade Graduating class also enjoyed their annual class trip which was to Old Orchard Beach in Maine.

Graduating exercises were held for nineteen students at the Hampstead Congregational Church in June. The graduating class through music and essays, presented a program entitled, "United States vs U.S.S.R. in Education." The following students were presented awards:

Scholastic Achievement Awards: 1. Dianne Houle; 2. Peter Sakash; 3. Adrith Tarleton,

Science Award: Jeane Widman.

Citizenship Award: Peter Sakash.

Safety Patrol Awards: 1. Sharon Smith, Captain; 2. Peter Sakash, Lieutenant; 3. Susan Brown, Sergeant; 4. Linda Smith.

Twice weekly the students have a physical education program, which may take them out-of-doors or down to the Hampstead Gymnasium. The program includes fundamental skills, rhythmical activities, games, selftesting activities and various team games.

During the month of October, grades 1, 3, 5 and 7, and new students received their annual health examinations given by Mrs. Gwendolyn A. Banks, R.N., School nurse-teacher, Dr. Raymond Moore and Dr. William Hart.

Achievement tests and Mental Ability Tests were also given during the month of October to determine the strength, weakness and progress of each child.

For the fourth year, parents had an opportunity to visit school at night, on November 14, 1962, in observance of American Education Week.

For the fourth year, Central is participating in the annual Spelling Bee sponsored by the New Hampshire Sunday News. The schedule is as follows: January-March 1 — school champion's selection; March 18-April 15 — regional champion's selection; April 23rd — State Championship Final Contest; June 3rd-9th — National Spelling Bee Week; June 6th — opening rounds, National Contest; June 7th — National Championship Finals. Last year Dana Dinsmore represented Central School in the Regional Selection.

In conclusion, may I take the opportunity to thank the School Board, the Superintendent and office staff, teacher-consultant, supervisors, nurse-teacher, parents and friends, and my teachers for carrying out another successful school year.

Respectfully submitted,

ARTHUR J. BREWSTER,
Principal

REPORT OF SPECIAL EDUCATION CLASS

I hereby submit my third annual report as Special Class teacher. This year the Special Education class for Plaistow, Hampstead, Atkinson and Newton is located in the Atkinson Academy in a light, cheerful room which is an absolute necessity for the health and well-being of a group like ours.

Our district is one of only twenty-six school districts in the State with special programs for the mentally retarded. Before this, the retarded had to struggle along in regular classes, either sitting doing nothing or under great stress and pressure trying to keep up with others.

The Special Class is not a class for emotionally disturbed or the slow learner. Contrary to the impression of some parents, it is not a remedial class used to help children get up to their class level. Instead each child is helped to progress at his own speed. Ideally, a Special Class has no more than 12 pupils, but the State allows 15. We have at this time 14 pupils in our class comprised of Educable Children from 4 towns. We have 4 pupils from Plaistow, 2 from Hampstead, 4 from Atkinson and 4 from Newton. The September ages were $6\frac{1}{2}$ to $15\frac{1}{2}$ with a great range of abilities, making it necessary to have 5 reading groups and 5 arithmetic groups, ranging from pre-school to 5th grade level.

The highest group of students in a Special Class, according to State requirements, is expected to do 4th to 6th grade work by the age of 16. They are expected to progress only $1/2$ rate of the average child.

With so many reading and arithmetic groups, much of our emphasis has to be on those subjects which are the basic foundations for living.

With 3 small children in our group this year who do not have a foundation for study and who need so much individual help in order to get a firm foundation on which to build, the day has to be divided to give a fair proportion of teacher

time to each pupil. Thought should be given to planning a second class for the younger pupils so that all pupils can advance as much as possible.

Much of our language work is oral so that all ages may participate, although capitalization, punctuation, sentence structure, and letter writing have been practiced by advanced pupils.

Our science program is based on the 5th grade TV program on Channel 11 on Nature and on the 4th grade text.

Through the kindness of Mr. Charles Yeaton, our principal, a TV set has been made available for our use for 3 programs we watch — namely: 1. The Book Parade a Reading Program for Kindergarten to Grade 4. 2. The 5th Grade Art Program every other week. 3. The Grade 5 Science Program weekly.

This year our class participated in the School's Christmas Program. The Special Class pupils sang with the 5th grade in the Angel Chorus and two of our boys were Wise Men and one a Shepherd in the Pageant. The class made 30 headbands for the entire Angel Chorus.

Our social studies program is for living in society — the family and the community — as well as study about our own section of America.

Our arts and crafts program is an essential part of our daily program — developing skills that will assist in future work. So far this year we have done regular crayon and paint work. We have made woven pot holders, popsicle stick bird houses, leather belts, comb cases and change purses. We made Christmas corsages, foam ball tree ornaments, icicles from coffee can keys and metal strips. Very attractive bird ornaments were made from cones, foam balls, cardboard wings, sequin eyes and were decorated with gold and silver paint and glitter. We also made can cover ornaments. In the future we plan to do copper tooling, make earrings, do liquid embroidery, knitting and crocheting. You can see that

our program emphasises reading, arithmetic and development of hand skills to prepare for future work.

Special classes are a step in the right direction but more is needed. We definitely need a Vocational Training School in this part of the State to help with job opportunities when the pupils leave the Special Class at the age of 16, and must prepare to earn a living. They need help to prepare for life as independent citizens.

At this time I wish to express appreciation to the following people who answered my request for handwork materials and books: Mr. and Mrs. Leonard Chase, Mr. and Mrs. Warren Ells and Mr. and Mrs. Fred Gray of Hampstead; Mrs. Barbara Morse and Mr. and Mrs. Russell Winter of Newton; and Mr. and Mrs. John Regan of Atkinson.

I wish to express my gratitude to all who have assisted in any way, the work of the Special Education Class.

Respectfully submitted,

RUTH W. WEBSTER

REPORT OF THE REMEDIAL READING TEACHER

Sept. 1961 - June 1962

Reading is the most important subject to be learned by children, and the child will learn little else in this world of today if he does not learn to read properly. To teach a child to read properly has been, and still is, the ultimate aim of educators. However, even with the best reading teachers available who use the accepted methods of teaching reading, there are still some children who just do not make the grade. This, we have found, is not always due to the child's inability. More often, it is caused when:

1. Long illness has been responsible for continued absence.

2. Families have moved from state to state, and the child, failing to adjust quickly to a new environment as well as to new teaching materials and methods, falls below grade level.

There are many children in the above categories in Central School, and they have been in the Remedial Reading groups this past year. By using phonics instruction together with word recognition skills, I have endeavored to bring these children up to grade level. Results, for the most part, have been good. The classroom teachers report that many of the children are showing improvement not only in reading, but in the content subjects, too. More children are doing outside reading, and enjoy it, now that they know they can read.

To check improvement, during the year, the following tests were given:

Stanford Achievement Tests

Lyons and Carnahan Comprehension and Vocabulary Tests

Durrell-Sullivan Reading Achievement and Capacity Tests

Iowa Silent Reading Tests

Dolch Test of 220 Basic Sight Words

The remedial classes, taught five days a week for twenty minutes each, were as follows:

Grade 2	12 pupils
Grade 3	12 pupils
Grade 4	7 pupils
Grade 5	9 pupils
Grade 6	5 pupils
Grade 7	4 pupils

Total

49 pupils

Of the forty-nine pupils in remedial reading classes at various times during the year, the following gains were noted:

Up to 8 months	16 pupils
From 9 months to 1 year	9 pupils
Over 1 year	16 pupils
Over 2 years	8 pupils

Total	49 pupils
-------	-----------

During the school year when a child seemed to be making big gains, he was tested. If the results showed him to be at grade level, or above he was released to return to his own classroom. This happened in seventeen instances.

Ginn Basal Readers and the Reader's Digest Skill Builders continue to be the basal readers in remedial classes. This year, a new reading aid was purchased and it has been of great help. It is the Science Research Associates' kit, "Reading for Understanding".

I also teach the Junior High reading classes every day; eighth grade reading for fifty minutes every morning; seventh grade reading for fifty minutes every afternoon. It is a full schedule, leaving me no free time for a testing program. When testing must be done, some of my classes are cancelled.

I am very grateful for the privilege, each fall, of being able to attend the annual three day conference of the New England Reading Association. It has been inspirational to be a member of that large group of more than 1,000 teachers, whose main interest is the teaching of reading, and I'm sure it has helped me very much. The Hampstead Central School teachers whose pupils are in my remedial classes, have been of great help, too. They keep me aware of the childrens' needs, and, **together**, we are trying to prove that "Johnny Can Read"!

Respectfully submitted,

CHARLOTTE G. ZIMMER,
Remedial Reading Teacher

REPORT OF THE NURSE-TEACHER

The School Health Program consists of yearly Medical examinations by Dr. Raymond Moore or Dr. William Hart, and the Nurse-Teacher, G. A. Banks, R. N.

Grades 1, 3, 5 and 7 and new pupils are examined. Notices of defects are sent home to parents. A successful "follow-up" program has been carried out with the help of parents, clinics, and the School Health Program.

Doctor's Examination

Number of pupils to receive medical examinations	130
Number of pupils with defects	77
Teeth	17
Orthopedic (feet — posture — scoliosis)	34
Gland	2
Eye	1
Skin	4
Ears	3
Nose	1
Heart	2
Tonsils	3

Vollmer Patch Test was done in Grades 5-8 with Miss Constance Martin, R.N., N.H. Tuberculosis Nurse in 1961. It will be done again in February 1963.

Clinics attended were:

Orthopedic	3
Tuberculosis	None
Hale Hospital	2

All children receive a Hearing and Vision Test and Height and Weight.

Nurse's inspections	1041		
Number of pupils done	259		
Height	259	Weight	259
First aids	53		

Vision — 259 — defects 14 and 2 corrections

Hearing — 259 — defects 3, infected, ear cerumen

Color perception in Fifth Grade — 24 negative

Pre-school children checked for strobismus (cross eyes)
30 all negative.

Number successfully vaccinated 63

Exercises were sent to parents of children with pronated feet.

Number of communicable diseases reported to Nurse:

Chicken pox	18	Poison Ivy	8
Measles	4	Impetigo	3
Mumps	8	Erysipilas	1
Strep throat	6	Flu	7
Scarlet Fever	3		

Cursory examinations are done at the beginning of the school year and after each vacation to protect the pupils. This includes inspection of the head (for nits and bugs) — called pediculosis — also the glands, teeth, throat, ears and hands. This is done by the School Nurse-Teacher.

Nurse Health Inspections			870
Skin: Impetigo	3	corrected	3
Pediculosis	1	corrected	1
Ivy Poison	8	corrected	8
Skin: 13		corrected	13
Teeth	87	corrected	113
	(several appointments)		
Posture	1	corrected	1
Speech	1	corrected	1
Scalp	1	corrected	1
Tonsils	0	corrected	0
Number of visits to school			71
Number of visits to classrooms		countless times	
Total inspections done by nurse			1,583
Total First Aids rendered by nurse			52
Cursory examinations			830

Home visits 71
(for sickness, referrals, "follow-up" work, conferences or guidance when requested.)

Audio-visual program and Health Talks in classrooms at teacher's request are part of the nurse's work. These are on Nutrition, Posture, Pronated feet, Vision, Hearing, Teeth, Clothing (according to the seasons) Sleep Habits, Personal Hygiene, Cleanliness in classrooms, corridors and lavatories — drink fountain, etc.

Pre-school registration, clinics, Parent, Teacher and Principal and Nurse conferences also Principal and Nurse and Teacher and Nurse conferences.

Nurse-teacher is in Hampstead on Thursday and available at Pollard School from 8:30 to 9:30 in the morning — Evergreen 2-8861 or through the Superintendent's office other days in emergencies.

It would be most helpful if parents would report to school any sickness or reason for absence of a child. Report to the school and the nurse, all contagious and communicable diseases. It is noted that some dentists do not believe in corrections of first teeth, however notices to the parents of defects found on the Health and/or Medical Examinations are to acquaint the parent with what the doctor or nurse have found and not in any way a complaint. It is to help the children. Noted also is the belief that corrections for posture and postural difficulties and flat and pronated feet are best done by exercises.

GWENDOLYN A. BANKS, R.N.,
School Nurse - Teacher

REPORT OF THE MUSIC SUPERVISOR

As music supervisor in the town of Hampstead, I submit the annual report for the year 1962.

The goal of the music program is to educate all children in such a manner as to provide for a variety of musical growths geared to the individual. Many opportunities were offered the past year for the discovery and further exploration of music.

A music festival was held in Raymond, New Hampshire, in which approximately five hundred students participated. They included various groups in New Hampshire as well as from Hampstead.

All grades participated in the Christmas Program as well as the Spring Concert, which was entitled "A Tribute To The U.S.A."

The culmination for the junior high chorus was a trip to Boston, to see the pops concert at Symphony Hall.

Besides the many performing areas in which music is cultivated continued emphasis was and still is being developed in the classes in order to integrate the music program with other areas of the school, home and community life.

In closing I would like to thank Mr. Davis, teacher-consultant, School Committee, and the teachers, for the progress which has been made in music education during the past year.

Respectfully submitted,

EVAN R. WILLIAMS
Music Supervisor

ENROLLMENT IN HIGH SCHOOLS

The following tabulation shows the number of high school pupils, by grades, attending various schools and their respective tuition rates:

Grades	Sanborn Seminary	Haverhill High	Haverhill Trade	Pinkerton Academy
